criminal case in Rice County, MN (docket 66 CR 10 2907). The evidence presented for examination was two covert audio recordings. Mr. Woodward informed my office that he suspected the audio recordings were tampered with and missing and significant exculpatory section from both of them.

3. It is my understanding and belief that Mr. Woodward working with his attorney subpoenaed the prison video that coincided with the covert audio recordings. Upon information and belief these videos was withheld from Mr. Woodward prior to and during his trial.

We were provided with the subpoenaed files and analyzed one against the other.

4. As noted in our forensic report prepared by Digital Forensics Examiner Cindy Wu and supervised by me, the audio and video could not be aligned and was found significantly different.
5. As we have told Mr. Woodward's counsel (Kirk Anderson, Esq) we uncovered that 18 minutes of the audio were missing from multiple areas. It is undeniable that someone tampered with the evidence.

Sworn to this 11 day of July 2016.
